MAGNIFICENT MAGHREB

5 x 52' (ENG, GER, FRE)

Take an extraordinary look at the Southern Mediterranean region - at people who don't just want to rely on the charm, traditions, and natural beauty of the region to attract tourists to the country, but who are fighting for progress and modernity.

We visit oriental places of longing, rugged mountains and turquoise bays, palm fringed oases, and endless deserts. Above all, we meet people who try to create a positive future in their country - despite all political, social, and economic obstacles. In front of this powerful backdrop, we experience a completely unexpected picture of the region - with fascinating landscapes, lively cities, and a changing society.
