DEATH FLIGHT MH 17

45' (GER, ENG subs)

Was the airliner shot down by a Ukrainian fighter jet, as Moscow would lead us to believe? Or did the pro-Russian separatists launch a ground-to-air missile? Was the airliner shot down by a Ukrainian fighter jet, as Moscow would lead us to believe? Or did the pro-Russian separatists launch a ground-to-air missile? A propaganda war is raging in times when the Cold War seems to have returned. The investigations have been overshadowed by blunders, obstructions and lies.
