### **1. New Work: Powershift at Work**

The new administrative structures believe that every employee has valuable ideas that can contribute to the company's growth and success. How beneficial are the work techniques of the future?

### **2. FIRE: Retiring at 30?**

The FIRE movement is a social movement full of enthusiastic young people united with one goal: to save enough money for retirement in as little years as possible. The young workers wonder: why should they live the carefree life when they are old, when they can do it while still young?
