## POPPY'S PROMISE - SECRET LIFE IN A CORNFIELD

45' (ENG, GER, FRE)

**The cornfield - just an area for producing food... or a land full of secrets? This doc portrays a little recognized habitat right next door.**

The spectacular visuals filmed with state of the art equipment introduce the surprisingly large diversity of field inhabitants. We follow a hamster family through a season full of adventures and are drawn into an unknown world – a world of which we thought we knew everything about.
