TREASURE OF LIMA - A BURIED EXHIBITION

45' (ENG, GER)

The untamed nature of the Isla del Coco hides a secret that is now extended by a new treasure. Join us on a unique art project.

This is a story about a remote island in the pacific, which is steeped in myths and legends of pirates and treasure hunters – a unique site that brings together some of the most influential contemporary artists of our time for a common cause. Follow us on an emotional journey and experience a modern adventure on a remote island. The buried exhibition points to the heritage of the Isla del Coco as a treasure island and the need to protect the island with its unique nature and the rapidly decreasing population of endangered species of sharks that used to populate the area.
