## BEAR TRACKS - ADVENTURING CANADA

2 x 45' (GER)

**This journey takes us into the wild heart of Canada. The banks along the Yukon are a paradise for those who have turned their backs on mainstream life.**

Yukon gold diggers are still coming here, guys like Dave with his wild beard, blue eyes and a big dream of unbounded freedom. This documentary describes a fascinating journey over many weeks through the second largest country on earth. A multifaceted country full of surprises and diversity.
