THE TASTE OF ISRAEL

3 × 45' (ENG, GER)

A culinary discovery journey across Israel: from fish farmers in the desert of Negev through the kosher kitchens of Jerusalem to the winegrowers in the hills of Galilee.

A culinary discovery journey across Israel: from fish farmers in the desert of Negev through the kosher kitchens of Jerusalem to the winegrowers in the hills of Galilee. What unites all Israelis with different ethnical backgrounds is their love for food. Every Jewish ethnicity that immigrated to Israel brought its own specialties. The taste reaches from Russian and Polish to oriental. There is almost no better way to get into the rich culture of the country than via its kitchen. Culinary decadence is the door opener to life in Israel.
