TURKEY - BEAUTIFUL DIVERSITY

5 × 52' (ENG), 5 × 45' (GER, FRE), 2 × 45' (GER)

Turkey is a country of stark contrasts: charming coastal areas with their almost tropical climates are juxtaposed with the rugged nature of the hinterland; modern cities on the one hand, cultural sites that are thousands of years old on the other.

This is a five part journey through Turkey, spanning two continents, promising to involve exciting encounters with people who seem both familiar and at the same time sometimes appear to come from a different world altogether. Discover a country whose remarkable diversity has never been shown on television before in this way!
