75 YEARS OF SUV

52' (ENG)

What makes a particular type of car legendary, even with a history going back 75 years? Grace, intrigue and sportiness!

Excitement surrounds the SUV. It has shaped the worldwide streetscape in its various forms. But how has the operational area of this vehicle changed from accommodating the mud of hilly terrains to the smooth paved surfaces of the boulevards? For over 75 years, compact all-rounder vehicles – SUVs – have taken the world by storm. Emerging out a need to move troops quickly around the battlefield in WWII, the 1940s witnessed the birth of the first off-road prototype. In our documentary, we will go back through time and take you on the ride of a lifetime to find out why the SUV in its matured age is now sexier than ever.
