ICELAND - ON TOP OF THE WORLD

52' (ENG, GER)

Iceland - a unique land with an incomparable landscape and pleasantly euphoric inhabitants.

This documentary is a scenic expedition through majestic volcanoes, seething geysers, powerful waterfalls, threatening fjords and almighty glaciers. Hardly any other country offers such a variety of spectacular forces of nature! We will give you an insight on how it can be that the people of a small, distant island with only a fraction of sunlight in some months are happier than the people in more sun-blessed countries.
