ERDOGAN'S POWER

45' (GER, ENG subs)

To the ballots: on April 16th, 2017 Turks from all over the world headed to the ballot boxes to vote for a change to Turkey's constitution – President Recep Tayyip Erdogan wants more power.

Since the attempted coup in the summer of 2016, he has set all his efforts into "bringing the country back into line" apart of which involves convincing the Turks living in Germany to agree to his mandates. But what consequences has Erdogan's system already yielded and will yield in the future? Has anyone been taking stock?
