## FOOTBALL - THE BIRTH OF A PASSION

90' (ENG, SPA)

**The fascinating history of the world's most beloved sport...**

Throughout the centuries and a myriad of cultures, football has taken many forms: from ancient Mayan rituals, to the violent Roman sport designed to harden their soldiers, to the free-for-alls where entire medieval villages confronted each other in the pursuit of pride and honor. It was only in 1863 in England that football took on its modern appearance and separated from the sport of rugby.
