THE LAST SALON

52' (ENG, GER)

After 42 years Sissy Strauss, the beloved artistic liaison of the metropolitan opera, leaves New York to move back to her hometown Vienna.

The film gives an inside view of her famous Salon in New York and her pasta-parties, which featured private performances from singers such as Anna Netrebko and Juan Diego Flórez. Whether it be artists, directors, diplomats, or neighbours, everyone RSVPs, when they are invited to party with Sissy. What makes these meetings so special? Maybe it's the performances from global super stars of the opera in a small and private environment.
