FORCED LOVE

40' (SPA, ENG subs)

They go out looking for women to bait and catch. The pimps sniff their victims out like bloodhounds: innocent girls who fall into their trap and are forced to sleep with more than 40 men a day.

They do not generally use violence. Talking is enough to deceive sweet and naive girls in love. Words mean more than looks, is the maxim of these particular Mexican pimps who prefer to make their victims fall in love instead of resorting to kidnapping.
