DARK WEB: FIGHTING CYBERCRIME

45' (ENG)

Virtually anyone with an Internet connection will be the victim of a cyber attack at some point in his or her life.

It's no longer a matter of 'if,' it's a matter of 'when'. In the fight against this new legion of criminals, our only hope is to embrace the full potential of AI. It's not about man vs. machine – it's about man and machine vs. Cybercrime. This special will arm you with the information you need about the most cutting-edge ways we are fighting cybercrime.

Original Title: Dark Web: Fighting Cybercrime
